

Fairwood Crime and Police Services Profile

Three patrol districts (F-3, F-4, F-5 -- see map) serve this area now. The darkest shaded area of the map is the entire Fairwood PAA.

The Sheriff's Office typically staffs these three patrol districts with a minimum of one deputy per district per shift, with backup available from the surrounding unincorporated areas.

In addition, a storefront officer and a school resource officer serve the area. Patrol supervision, burglary/larceny investigations, and drug investigations are provided from the Maple Valley Precinct. All other Sheriff's Office services, including major investigations (e.g., homicide, rape, fraud), K-9 units, SWAT, and administration are provided by central units, many of which are headquartered in Kent.

Definitions are on the back.

The Part I Crime Rate shows crime per 1000 population. That rate can be useful in helping residents to understand the crime in their community as it compares to other communities, although having significant retail and commercial areas can skew the numbers.

City	2004 Part I Crime Rate
Covington	42.7
Des Moines	48.3
Newcastle	35.3
Redmond	40.3

Based on a review of Part I Crime Rates reported by the Washington Association of Sheriffs and Police Chiefs (WASPC), the Fairwood area is most like the cities of Covington, Des Moines, Newcastle, and Redmond with regard to its rate.
